Kolb Model

Level intended: A1, A2, B1

Student's name:

Date:

Instructions: Make statements that describe your behavior,

- { } 1. I have a reputation for saying what I think clearly and bluntly.
- { } 2. I'm sure (a) of what is good and what is bad, what is right and what is wrong.
- { } 3. Often I act without looking at the consequences
- { } 4. I usually try to solve the problems methodically and step by step
- { } 5. I think the formularies restrict and limit the freedom of action of individuals.
- { } 6. I want to know what the value systems of others and what criteria are acting.
- { } 7. I think that acting can intuitively always be as valid as acting reflexively
- { } 8. I think the most important thing is that things work.
- { } 9. I try to be aware of what is happening here and now.
- { } 10. I enjoy when I have time to prepare my job and do it thoroughly.
- { } 11. I am comfortable following an order, at meals, in the study, exercising regularly
- { } 12. When I hear a new idea, they immediately start thinking how to implement it.
- { } 13. I prefer original and new ideas even if they are not practical.
- { } 14. I admit and I adjusted to the rules only if they serve me to achieve my goals.

- { } 15. Normally I fit well with thoughtful people, and I can hardly tune with people too spontaneous, unpredictable.
- { } 16. I listen more often than I speak.
- { } 17. I prefer things structured unordered.
- { } 18. When I possess any information, I try to interpret it well before expressing any conclusion.
- { } 19. Before doing something carefully study its advantages and disadvantages.
- { } 20. I grow with the challenge of doing something new and different.
- { } 21. Almost always try to be consistent with criteria and value systems. I have principles and I follow.
- { } 22. When there is a discussion I do not like to go to rodeos.
- { } 23. I hate to get involved affectively in my work environment. I prefer to keep distant relationships.
- { } 24. I like more realistic and concrete than theoretical people.
- { } 25. I can not be creative (a), breaking structures
- { } 26. I feel comfortable with spontaneous and funny people.
- { } 27. Most of the time openly express how I feel.
- { } 28. I like to analyze and turning to things.
- { } 29. It bothers me that people do not take things seriously.
- { } 30. I'm attracted experiment and practice the latest techniques and developments.
- { } 31. I am cautious (a) when drawing conclusions.
- { } 32. I prefer to have the highest number of information sources. The more data is collected to reflect better.
- { } 33. I tend to be a perfectionist.
- { } 34. I prefer to hear the opinions of others before exposing mine.
- { } 35. I like to face life spontaneously and not have to plan everything in advance.
- { } 36. In discussions I like to observe how they act other participants.
- { } 37. I feel uncomfortable (a) with quiet people and too analytical.

- { } 38. I judge often the ideas of others for their practical value.
- { } 39. I am overwhelmed if I am forced to accelerate much work to meet a deadline.
- { } 40. In meetings, support practical and realistic ideas.
- { } 41. It is better to enjoy the present moment to revel in thinking about the past or the future.
- { } 42. I bother people who always want to rush things.
- { } 43. I contribute new ideas and spontaneous in discussion groups.
- { } 44. I think are more consistent decisions based on a thorough analysis than those based on intuition.
- { } 45. frequently detected inconsistencies and weaknesses in the arguments of others.
- { } 46. I believe it is necessary to break the rules many more times you do them.
- { } 47. Often I realize other more practical and better ways of doing things.
- { } 48. Overall talk more than I listen.
- { } 49. I prefer to distance myself from the facts and observing them from other perspectives.
- { } 50. I am convinced (a) that the logic and reasoning should be imposed.
- { } 51. I like to look for new experiences.
- { } 52. I like to experiment and apply things.
- { } 53. I think we should come soon to the point, to the heart of the issues.
- { } 54. I always try to get conclusions and clear ideas
- { } 55. I prefer to discuss concrete issues and not waste time with empty talks.
- { } 56. I get impatient when I get irrelevant and incoherent explanations.
- { } 57. I check before if things really work.
- { } 58. I make several drafts before the final version of a job.
- { } 59. I am aware that in discussions helped keep others focused on the subject, avoiding digressions.
- { } 60. I note that often'm one (a) of (as) more objective (as) and dispassionate (as) in discussions

- { } 61. When something goes wrong, downplayed and try to do better.
- { } 62. I reject original and spontaneous ideas if I do not see practices.
- { } 63. I like to ponder many alternatives before making a decision.
- { } 64. I often look forward to fairly predict the future.
- { } 65. In debates and discussions play a secondary role rather than be the (the) leader or (the) most involved.
- { } 66. I bother people who do not act logically.
- { } 67. I find it uncomfortable having to plan and anticipate things.
- { } 68. I believe the end justifies the means in many cases.
- { } 69. Floor reflect on issues and problems.
- { } 70. The work conscientiously fills me with satisfaction and pride.
- { } 71. Before the treatment events to discover the principles and theories that are based
- { } 72. As long as I intend to achieve the goal, I can hurt other people's feelings
- { } 73. I do not care to do everything necessary to be effective my work.
- { } 74. Often I am one of the people who encouraged the holidays.
- { } 75. I get bored quickly in the methodical and meticulous work.
- { } 76. People often think I am insensitive to their feelings.
- { } 77. be carried away by my intuitions.
- { } 78. If I try groupware that a method and an order is followed.
- { } 79. I often interested in finding out what people think.
- { } 80. Elusive subjective, ambiguous and unclear issues.

¡MUCHAS GRACIAS POR TU TIEMPO Y TUS RESPUESTAS!
